(Rupees) only

TERMS AND CONDITIONS

1. Quotationers having a minimum experience of Installation of at least one SPV Pump in India under Govt. Scheme shall only be qualified for the Quotation. The Bidder must have experience on Design, Supply, Installation and commissioning of at least one number of Water Supply Scheme with SPV Pumping systems of not less than static head of 150 Metres with a discharge of not less than 35,000 Litres per day for a single project under the Government Scheme. The Quotationers shall have to submit the authenticated copy of the certificate of successful completion of the projects as a proof of their technical eligibility. In case if more than one Quotationers submits the same certificate of the same project from their customer(s) regarding satisfactory design, supply, installation & commissioning, then the Quotation, to whom the work order was issued by the original customer shall only be considered.
2. List of the staffs and their details including their educational qualifications and experiences, who are proposed to be engaged for after sale services at the service centre in Mizoram, shall be submitted along with the Quotation.
3. SPV Modules, Controller, Pump sets & other components meeting the required specifications conforming to the relevant national/international standards would be considered valid for the Quotation. For those Quotationer(s), who after had undergone a thorough scrutinization of their products, regarding its specifications and standard compliances, shall only be taken into for further consideration.

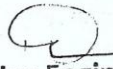

4. The terms, conditions and specifications mentioned in Quotation document shall be binding on the Quotationers and no condition or stipulation contrary to the conditions shall be acceptable. It may please be noted that the Quotationers who do not accept terms and conditions stipulated in this Quotation document, their offers shall be liable to be rejected out-rightly without assigning any reason whatsoever. Each page of Quotation document & enclosures shall be signed by the Quotationed. All the pages of the documents issued must be submitted along with the offer. The pages of the Quotations should be submitted in proper way in an organized manner else the Quotations may be cancelled.
5. The Quotationers shall have a well-established firm having Service Centre set up in Mizoram with technical man power(s) that will be able to provide after sale services and maintenances in future. Quotationers other than the Manufacturer shall be an Authorised Dealer of a reputed Manufacturer.
6. Rate quoted should include all kind of taxes, cess, insurance & royalty for forest product etc. The Quoted rate should be valid till completion of the scheme.
7. Quotationers must visit the proposed project site at Bukpui village, Kolasib District of Mizoram to conduct the thorough site survey and the Techno-Economic feasibility studies of the project on his own expenses and shall submit the design containing the Techno-Economic feasibility report. The Quotationers shall also submit all the design parameters and predict the system performances to ensure that the water requirements of the village will be met by the system. The Quotationers should also obtain a site visit certificate from the concerned SDO and shall be submitted in original along with the Quotation. Quotations submitted without the site visit certificate shall be summarily rejected. The Department shall scrutinize thoroughly each Design of all Quotationers and shall only consider the Quotationer(s) whose design is/are found to be technically and economically feasible under the Climatic condition of Mizoram.
8. Offer of those parties who are found qualified based on the Technical Evaluation will only be taken for further consideration and the commercial bid of only those parties will be opened. The party should have sufficient technically qualified and well-experienced manpower for execution of the project and for after sales service of Electro-Mechanical systems. List of the staffs and their details including their educational qualifications and experiences, who are proposed to be engaged for after sale services at the service centre in Mizoram, shall be submitted along with the Quotation.
9. PHED reserves the right to reject or accept any or all Quotations wholly or partly without assigning any reason on the grounds considered advantageous to the Department whether it is the lowest Quotation or not.
10. The system must be designed and planned using computer-based tools that can closely model the irradiation, rainfall pattern, power generation from the solar array, typical pump performance by considering appropriate Metrological Datas of the project site or otherwise, any nearest town(s) may also be considered for the purpose. Planning and design should be done showing monthly system water outputs in line with the water requirements. Due to the complex nature and multiple variables involved in calculating solar system performance for every hour of a year it is deemed unrealistic to be able to do this without the use of proven computer-based modelling tools. The computer modelling system must deliver the following water requirements as under :

- a) Peak water delivery within a year in M³
 - b) Least water delivery within a year in M³
 - c) Annual average Water delivery within a year in M³
 - d) Water delivery pattern of a whole year in M³
11. The successful Quotationer shall be required to deposit an amount of equal to 5% of the quoted value of works as Performance Guarantee in the form of an irrecoverable bank Guarantee Bonds of any Scheduled bank or State Bank of India in accordance with the form prescribed or in the date of issue of letter of acceptance. In case of failure by the contractor to supply the performance guarantee within the specified, full earnest money shall be forfeited.
 12. The contractor shall have to submit the following document comprising the Bid along with the document duly purchased by the bidder.
 - i) Earnest money as prescribed in the table above.
 - ii) Qualification information and supporting document.
 - iii) GST Registration number, TIN & PAN number issued by appropriate authority.
 - iv) Copies of Audited Balance Sheets and Profit and loss Account for last five years.
 - v) Priced Bill of Qualities as specified in Annexure.
 13. The Department does not bind itself to accept the nearest or any other quotation of the estimated amount and reserved the authority to reject any or all the tender received without assigning of any reason.
 14. Canvassing whether directly or indirectly, in connect and with quotationer is strictly prohibited and the quotation submitted by the contractor. Who resort to canvassing will be liable to rejection.
 15. Five (5) years warranty and Maintenance at site for Electro-Mechanical components of the project shall be the responsibility of the successful quotationer.
